One quarter mile best two is three. Prizes, 85. Five difference between us is this: You haven't enough, and we have too much. It's a condition of things which shouldn't exist; it's a trifle one-sided, and there ought to be a distribution to equalize matters. See if we can't come to terms. All that can possibly stand in the way is the matter of price. That isn't an insurmountable obstacle. Have you figured out what you can afford to pay? Have you figured up what you think you ought to pay? If you have, no matter hill best two is three. Prizes, 85. Five difference between us is this: You haven't enough, and we have too much.
